

LeTort Trust Sends Donations and Financial Aid to Ukraine

For the past several weeks LeTort Trust has been holding a donation drive to benefit those affected by the crisis in Ukraine. Employees donated first aid kits, blankets, sleeping bags, food, and other essential items to Mission Central in Mechanicsburg. Mission Central is working with a local business, Teknika, to get items to those on the front lines in Ukraine. Teknika is an international company that operates a warehouse in Mechanicsburg and another in Kharkiv, Ukraine. Between the two organizations they are collecting items, sorting through them at Mission Central's warehouse and sending out a weekly shipment.

LeTort Trust, through the Atgooth Foundation, also made monetary contributions to United Way Worldwide and Revived Soldiers Ukraine, both non-profits raising funds to provide aid to Ukraine.

For more information on each organization and how you can help, you can click the links below to be directed to their websites:
